PRICE LIST AUTUMN

Savour and Grace is a unique Melbourne-based food distributor supplying authentic food product into the hospitality and retail market. We're here to help you provide an exceptional food experience to your customers, so you can stand out from the crowd.

Salumi and charcuterie

The curing of meats was an ancient response to the need to preserve fresh meat before modern storage methods such as refrigeration became available. Interest and appreciation of salumi and charcuterie continues to grow. Salumi and charcuterie help to fulfil our desire to reconnect to food history and our primal need for simple, honest food, while also providing the unique flavours, textures and aromas that are such an essential part of traditional cured meats.

Cheese and Dairy

In its simplest form, cheese is purely about man's desire to preserve surplus milk by using the natural process of fermentation. At its most complex, it is a sublime combination of terroir, culture, craft and time that culminates in one of our most pleasurable foods. We know of few things that can provide such satisfaction and delight than a piece of beautifully made cheese in perfect condition.

Smoked and cured fish

Salt, smoke, and time are some of the essentials when preserving fresh fish. From plump white Spanish boquerones to smoked eel ready to be grilled over an open fire, we love them all. Most of our smoked and cured fish is produced by Harris Smokehouse - a 4th generation, family owned and operated smokehouse located in the Adelaide Hills of South Australia. Small, dedicated and very hands on, these are the types of producers that we love to support.

Pickled and Brined

Salt, vinegar and oil are the holy trinity when preserving fresh vegetables. The traditional response to a seasonal flush of produce at its natural peak. Nearly forgotten art, we are doing our best to seek out and support the few remaining suppliers of traditionally preserved quality vegetables.
