Salumi and Charcuterie

The curing of meats was an ancient response to the need to preserve fresh meat before modern storage methods became available. Interest and appreciation of salumi and charcuterie continues to grow. Salumi and charcuterie help to fulfil our desire to reconnect to food history and our primal need for simple, honest food, while also providing the unique flavours, textures and aromas that are such an essential part of

Cheese and Dairy

In its simplest form, cheese is purely about man's desire to preserve surplus milk by using the natural process of fermentation. At its most complex, it is a sublime combination of terroir, culture, craft and that culminates in one of our most pleasurable foods. We know of few things that can provide such satisfaction and delight than a piece of beautifully made cheese in perfect condition.

Pickled and Brined

Salt, vinegar and oil are the holy trinity when preserving fresh vegetables. The traditional response to a seasonal flush of produce at its natural peak. A nearly forgotten art, we are doing our best to seek out and support the few remaining suppliers of traditionally preserved quality vegetables.
